# **HARTFORD HIGH SCHOOL**

**Promoting tolerance, acceptance,  
learning, community service and  
global awareness.**

*Secondary school counselors enhance  
the learning process and promote ac-  
ademic achievement. We are here to  
assist students in achieving optimal  
personal growth, acquire positive so-  
cial skills and values, set appropriate  
career goals, and realize full academ-  
ic potential in order to become pro-  
ductive, contributing members of  
their community.*

### HHS School Counseling Program

The Hartford High School Counseling Office provides counseling programs in three domains: academic, career, and personal/social. Our services and programs help students resolve emotional, social, or behavioral problems and help them develop a clear focus or sense of direction. The HHS counseling program includes a number of offerings to support students throughout their high school experiences as follows:

- All counselors work with 9th graders to develop and maintain a **Personalized Learning Plan (PLP)** that outlines each student's strengths, areas for growth and long-term college and career goals.
- \*9th—12th grade counselors conduct **annual meetings** with each student and family to provide academic and career guidance related to the student's PLP.
- \*We make timely referrals and engage in **problem solving** with students to support their individual academic success.
- Provide short-term counseling services to students when needed.
